Dr. Attallah Kappas
Physician-in-Chief
Rockefeller University Hospital
York Avenue and 67th St.
New York, New York 10021

Dear Kap:

The attached is a list of six relatively broad categories of usage that I now envisage for the Rockefeller University Hospital. Each of them lends themselves well to long-term metabolic investigation and are areas of current interest in my research program.

Yours sincerely,

A handwritten signature in cursive script, appearing to read "G. Gaull", written over a diagonal line.

Gerald E. Gaull, M.D.
